

STEM

Scholars Pathway

Get ready to enter the STEM career of your dreams!

Thanks to a generous donation from SC Johnson, the STEM Scholars Pathway program for female students, students of color and low income students allows you to **pursue your interests in science, technology, engineering and math while receiving funding to earn your bachelor's degree** and enter a cutting-edge career.

You'll complete the first two years of your program at Gateway Technical College, earning an associate degree before transferring to Carthage College, Concordia University Wisconsin, or Milwaukee School of Engineering to complete the last two years and earn your bachelor's degree.

Why apply for the SC Johnson STEM Scholars Pathway?

- ◆ **Get a cutting-edge STEM education.** Gain hands-on experience in the classroom with the latest industry technology as you learn from top faculty at some of the area's leading STEM colleges and universities.
- ◆ Prepare for an in-demand STEM career. **STEM Scholars Pathway program areas prepare you to graduate with the high-tech skills** that area employers are looking for.
- ◆ Receive dedicated support to help you succeed. As a STEM Scholar, **you'll receive student support and mentoring services to help you navigate your college experience** and succeed in your coursework.
- ◆ Receive financial support as you earn your degree. **STEM Scholars provides you with funding for tuition, books and supplies for four years**, including two years at Gateway and two years at Carthage College, Concordia University Wisconsin or MSOE.
