Summer 2021 Faculty Training

Summer 2021 Faculty Training Resource Guide

Thank you to all who joined us for the workshops last summer and for working so hard to put content online and learn a whole host of new skills. The summer 2021 sessions are all being offered remotely throughout the summer. When you are ready to join a session, simply use the Zoom link below. Advanced sign-ups are requested but not mandatory.

This year we are offering sessions in three topic areas:

- **Track 1**: Course Design and Development in Schoology. Design and develop a complete course presence on Schoology.
- **Track 2**: Student Engagement Using Tools and Resources: Learn to foster research skills, writing skills, reflection, interaction, and more.
- **Track 3**: Course Projects for Assessment and Showcasing Student Work
  Added fun feature! People who attend any five workshops in any given track will earn a badge for that track. More to come on this new program!
